

# Uniform Medical Plan

Your health. Your plan. Your choice.

## Drugs and Biologicals Fee Schedule

**Effective 7/1/2010**

The procedure codes and fee schedule amounts in this document do not necessarily indicate coverage or payment. All coverage and payments are subject to plan benefits, exclusions, limitations, and pre-authorization requirements. For detailed billing and coverage information, please refer to the Uniform Medical Plan (UMP) *Billing and Administrative Manual for Professional Providers* and *Certificate of Coverage*.

Fees in this publication are subject to change without notice. Although we make every effort to ensure the accuracy of the fees in our publications, changes or corrections may occur throughout the year.

Visit the UMP web site at [www.ump.hca.wa.gov](http://www.ump.hca.wa.gov) to download the latest versions of this fee schedule, and all other UMP publications mentioned in this document.

Current Procedural Terminology (CPT®) five-digit codes, descriptions, and other data only are copyright 2009 American Medical Association (AMA). All rights reserved. No fee schedules, basic units, relative values, or related listings are included in CPT®. AMA does not directly or indirectly practice medicine or dispense medical services. AMA assumes no liability for data contained or not contained herein. Applicable FARS/DFARS Apply. CPT® is a registered trademark of the AMA.

# UMP Drugs and Biologicals Fee Schedule

Effective 7/1/2010

## Overview

This fee schedule includes:

- Billing guidelines and payment policies for drugs and drug administration services.
- Maximum allowances for drug administration services.

Rates for drugs and biologicals are updated quarterly.

Refer to the *UMP Billing and Administrative Manual for Professional Providers* for additional billing and payment policy information.

UMP publications are available at [www.ump.hca.wa.gov](http://www.ump.hca.wa.gov) or by calling (206) 521-2023 (within the Seattle area) or toll free at 1-800-292-8092.

## Pricing Methods

The UMP fee schedule amounts for drugs and biologicals are based on the pricing methods outlined below:

1. Fee schedule amounts for most drug codes are based on 115 percent of Medicare's fees (updated quarterly).
2. Fee schedule amounts for vaccine/toxoids codes are based on 100 percent of Medicare's fees (updated quarterly).
3. Fee schedule amounts for most separately payable radiopharmaceutical codes are equated to Medicare's (carrier) fees.
4. Fee schedule amounts for other drugs and biologicals are 88 percent of Average Wholesale Price.
5. Allowed amounts for immunizations and radiopharmaceuticals that are "by report" on the fee schedule are 95 percent Average Wholesale Price.
6. Allowed amounts for other codes that are "by report" on the fee schedule are 88 percent Average Wholesale Price.

## Invoice Pricing

It is never UMP's intent to reimburse less than the cost of a drug. If UMP's allowed amount is less than a provider's cost, the provider may submit a request for reconsideration along with an invoice showing the drug purchase price and UMP will reprocess the claim at invoice cost.

## Billing Guidelines

The UMP fee schedule uses Current Procedural Terminology (CPT<sup>®</sup>) and Healthcare Common Procedure Coding System (HCPCS) codes.

When billing for drugs and biologicals, providers must:

- Follow Medicare's current coding guidelines and policies.
- Bill according to the complete code descriptions from a current CPT<sup>®</sup> or HCPCS reference.
- Include the correct number of units on the claim form.

## Unspecified Drug Codes

Unclassified or unspecified drug codes should be billed only when there is not a specific code for the drug being administered.

For payment consideration Include the following information with any unspecified drug code:

- Drug name
- Manufacturer
- Strength
- Dosage
- Quantity

**Note:** codes J8499 and J8999 for oral prescription drugs are generally not covered.

# UMP Drugs and Biologicals Fee Schedule

Effective 7/1/2010

## Drug Administration Payment Policies

UMP fee schedule amounts for drug administration services are found in the Professional Provider Fee Schedule and are based on the RBRVS payment method.

### ***"Initial" Service Codes***

The "initial" service CPT™ code is the code that best describes the key or primary reason for the encounter. The "initial" service code does not necessarily represent the first service provided.

Only one "initial" drug administration code is payable per encounter unless protocol requires that two separate IV sites must be used or the patient comes back for a separately identifiable service on the same day, in which case the second "initial" service code should be reported with modifier -59.

### ***Concurrent Infusion***

Concurrent infusion is payable only once per day.

### ***Evaluation and Management Services Reported with Drug Administration Services***

Office visit code 99211 is not separately payable with drug administration services. The practice expense component for 99211 is included in the drug administration codes. Other separately identifiable E/M services may be reported on the same day as drug administration codes using modifier -25.

### ***Services Not Separately Payable with Drug Administration***

The following services are included in the payment for the drug administration service and are not separately payable:

- Use of local anesthesia.
- IV start or access to indwelling IV (a subcutaneous catheter or port).
- Flush at conclusion of an infusion.
- Standard tubing, syringes and supplies.

## H1N1 Vaccine Reporting

Please use the following codes for H1N1 immunization (these codes refer to any route of vaccine administration):

90470—H1N1 immunization administration (intramuscular, intranasal), including counseling when performed

90663—Influenza virus vaccine, pandemic formulation, H1N1

If other vaccines are administered concurrently, please use 90470 with the appropriate add-on code(s).

For additional coding information, please refer to the H1N1 reporting guidelines available on the AMA web site:

<http://www.ama-assn.org/ama/pub/h1n1/vaccination-information.shtm>

UMP will also accept Medicare's H1N1 reporting codes (these codes refer to any route of vaccine administration):

G9141—Influenza A (H1N1) immunization administration (includes the physician counseling the patient/family)

G9142—Influenza A (H1N1) vaccine, any route of administration

The UMP allowed amounts for the new H1N1 vaccine administration codes above are the same as for existing vaccine administration code 90471. Because the H1N1 vaccine is being provided at no charge, UMP will not pay providers for the vaccine itself.
